FIRE

Rescue

anyone in the immediate danger area if you can safely do so.

Activate

the nearest pull station to engage the building fire alarm system.

Confine

the fire by closing doors to the fire scene and securing potentially dangerous substances and/or equipment.

Evacuate

the building by the nearest or alternate exit if possible. If you are not able to evacuate or you are a person with a disability, go to the designated **Area of Rescue Assistance** or nearest stairwell if you can.

EVACUATION (Get Out!)

Evacuate

the building as quickly as possible and go to the **Evacuation Assembly Area** (Get Out!).

Pull the manual fire alarm

to prompt a response for others to evacuate.

Do not use elevators

nor reenter the building until authorized emergency personnel give the "all clear" signal.

Assist those who need help

but carefully consider whether you may put yourself at risk. Alert authorities to those who may need assistance or any missing or trapped persons.

If you are not able to evacuate or you are a person with a disability

go to the designated **Area of Rescue Assistance** or nearest stairwell if you can. If conditions deteriorate, move into the stair landing or area adjacent to the stairwell if the stair landing is already full.

SHELTER IN PLACE (Stay In!)

Security Threat

- If you cannot safely evacuate, find a secure area within your building to stay and await further information.
- Assist those who need help, but carefully consider whether you may put yourself at risk.
- Once within a safe place, attempt to secure the space (i.e. lock doors, close windows/blinds).
- If unable to lock the door, secure it by any means possible.
- Remain quiet, unless making noise would be beneficial to your safety.
- **DO NOT** open the door until a **KNOWN** law enforcement officer advises it is safe to do so or some other credible information, such as **UIC Alert** Emergency Notification System, is received advising the threat is over.

Severe Weather

- If you are outside, proceed to the nearest protective building.
- If **sheltering-in-place** due to severe weather, proceed to the identified **Storm Refuge Area** or to the lowest, most interior area of the building away from windows or hazardous equipment or materials.
